OFFICE OF PETITIONS

Applicant respectfully requests revival of the above-identified patent (U.S. Patent No. 6,799,144) under 37 CFR 1.137(b). Applicant unintentionally failed to pay the maintenance fee due March 28, 2009. Applicant has enclosed a Small Entity 3.5 Year Maintenance Fee Payment of \$490 and the \$65 surcharge fee herewith. Applicant asserts that the entire delay in submission of the required Maintenance Fee from the due date until the filing of this petition was unintentional. As the application that resulted in this patent was filed after June 8, 1995, Applicant believes that a Terminal Disclaimer is not required for this application.

A Petition fee of \$1640.00 as set forth under 37 C.F.R. 1.20(i)(2) is also included herewith.

Petitioner, Gigamax Technologies, Inc., is successor in title to the Present Patent having purchased the assets from the creditors of the previous Assignee, Wavecrest Corp., which became insolvent and closed for business on July 29, 2008.

The present Patent is one of several applications and patents that became abandoned for lack of responses and maintenance fees after this period. As asserted in the attached claim of small entity status, the Petitioner, Gigamax Technologies, Inc. is a small start-up company. Gigamax Technologies, Inc. only recently completed purchase of, and clear title to, the assets of Wavecrest Corp. after entering to a conditional

purchase agreement on March 3, 2009. Gigamax Technologies has been involved in organizing the company, securing start-up funding and inventorying assets with limited access to personnel and funds. Gigamax Technologies, Inc. has only recently become aware of the applications and patents that became abandoned and is now responding in attempt to revive after gaining title to them.
